

8th International Symposium on Location-Based Services

21.11.2011. - 23.11.2011.

[8th International Symposium on Location-Based Services](#) in organization of Vienna University of Technology. The event is supported by the International Cartographic Association (ICA).

This symposium is addressed to scholars, researchers, digital industry / market operators, and students of different backgrounds (scientific, engineering and humanistic) whose work is either focused on or affined to location-based services (LBS). The symposium offers a common ground to colleagues from various disciplines and practice where they can meet, interact and exchange knowledge, experience, plans and ideas on how LBS can and could be improved and on how it will influence both science and society.
