

## ICA Symposium on Cartography for Central and Eastern Europe

Vienna, 16–17 February 2009

# Call for Papers

The International Cartographic Association (ICA) and the Vienna University of Technology are pleased to invite you to contribute to a **regional symposium on cartography with the focus on Central and Eastern Europe (CEE)**. This region has a long and outstanding tradition in cartography. We aim to bring together cartographers, GI scientists and those working in related disciplines from Central and Eastern Europe with the goal of offering a platform of discussion and exchange and stimulation of joined projects.

**Full Paper:** For our main section we would like to especially encourage those **working in and with cartography to share their contemporary developments, research and results** with us by contributing actively to the conference by papers or posters. We are not restricting topics by subject but rather try to be inclusive in order to be able to gain an overview of current developments in cartography and GI sciences of the region. All full papers will be reviewed as we aim to publish a book within the series »Lecture Notes on Geoinformation and Cartography« by Springer.

### As dedicated special sessions we would like to establish:

**Cartographic Education:** We aim for discussing issues of cartographic education in the region. As a general goal issues of collaborating joined cartographic academic education in CEE shall be discussed. In this session we aim to analyze the status, discuss future collaborative possibilities including such by support of international organisations.

**PhD/Master Forum:** As a specific forum we would like to encourage especially PhD/Master candidates and other students to present their topics and current work in a dedicated session. Please submit a short abstract of your topic for participating.

**Map Display and Cartographic Showcases:** We also explicitly would like to offer the possibility to demonstrate or display maps and showcases of cartographic systems in analog or electronic form as well. We aim to have a public vote on the best submission.

The conference will be held at Vienna University of Technology, Vienna, Austria and is organized by Prof. Dr. Georg Gartner (Vice President of the ICA), Vienna University of Technology, Institute for Geoinformation and Cartography, [georg.gartner@tuwien.ac.at](mailto:georg.gartner@tuwien.ac.at).

### Organization committee

Raivo Aunap, EE  
Juri Artemjev, RU  
Temenoujka Bandrova, BG  
Giedre Beconyte, LT  
Manfred Buchroithner, DE  
William Cartwright, AU  
Jan Feranec, SK  
Georg Gartner, AT  
Lorenz Hurni, CH  
Peter Jordan, AT  
Milan Konecny, CZ  
Miljenko Lapaine, HR  
Adam Linsenbarth, PL  
Evangelos Livieratos, GR  
Ivan Nesterov, RS  
Dusan Petrovic, SI  
Necla Uluğtekin, TR  
Laszlo Zentai, HU

### Important dates

- Abstract submission: 1 October 2008
- Full paper submission: 1 December 2008
- Submission of abstract for PhD/Master forum: 1 December 2008
- Submission of showcases, map display description: 1 December 2008
- Symposium: 16–17 February 2009

Guidelines for all forms of submission will be available on the symposium website.

Please submit all abstracts and papers via e-mail to [cee2009@cartography.tuwien.ac.at](mailto:cee2009@cartography.tuwien.ac.at) according to the given deadlines.

For more information please consult the symposium website:
